5. G.O.Ms.No.1005Agriculture. dt 9--4-55.
6.G.O.Ms.No.1007 Agriculture. dt 9--4-55.
7.G.O.Ms.No.1493 Agriculture. dt 3--6-55.
8.G.O.Ms.No.1946 Agriculture. dt 3--8--55.
9.G.O.Ms.No.22 Agriculture. dt 4--1-56.

.....

The sanction accorded for the temporary posts of teachers listed in Annexure I to this letter will expire on 31st May 1956 except two posts at Bekal and Kizhur Fisheries Schools which will expire in July 1956. A statement showing the strength and attendance of all these schools for the last 3 months viz December '55, January and February '56 is furnished in Annexure II to this letter. The continuance of the posts is found essential due to the reasons given below

Uppoor, Udiawar & Kodi: These three schools are having 5 classes of standard I to V and 3 teachers each. The four classes having less strength are combined and put in charge of a teacher at 2 classes each and of the major classes incharge of the remaining one teacher. The staff sanctioned for these schools are the minimum and hence that further continuance is quite necessary.

Kaserkodi, Tanapathy & Udinoor ~~Kinnam~~ Kadapuram Schools These schools are having 5 classes (standard I to V) and 4 teachers each. At Keserkodi Standard III and IV having a total strength of 35 is put incharge of one teacher and the remaining 3 teachers are incharge of Standard I, II & V.

At Tarapathy, standared I,II, & III are in independant charge of 3 teachers while the fourth teacher is put incharge of standared IV & V. Similarly in the case of Udinoorkadapuram school. Each of these schools requires an additional teacher to manage the school efficiently and proposals for such additional teachers will be submitted in July after finding the actual strength. The existing staff is therefore necessary for these schools.

Bengre School:- Though the sanctioned staff is 1 secondary plus 4 Higher Elementary grade teachers, the post of the Secondary grade teacher has been held in abeyance due to poor strength and hence only 4 Higher Elementary Grade teachers are working in the school It may be necessary to revive this post in the coming school year if the strength increases according to expectations. This post will be revived only if it is found necessary and hence the continuance of the post along with one Higher Elementary grade post may be sanctioned.

Kaup, Yermal, Padubidri, Srijnadaya, Kumbla, Hosdrug & Moolur:-

These schools are having 5 classes and 5 teachers (1 secondary + 4 Higher Elementary) each. The strength and attendance of these schools are such that no two classes can be combined and put incharge of a single teacher and hence the continuance of the existing teachers is quite essential. Sanction has been accorded in G.O.Ms.No.2794 Agriculture dt 1-12-55 for raising the Yermal school into a Higher Elementary and for opening standaredVI in 1956-57. An additional teacher required for opening standaredVI has also been sanctioned, in the same G.O. The strength of standared I of this school is too unwieldly for a single teacher to manage.

Hadavinakane School:- In this school there are 6 classes of standared I to V with 2 divisions in standared I and 6 teachers. (1 secondary plus 5 Higher Elementary).

The standared I was bifurcated in January 1956 as per sanction accorded in G.O. Ms.No.2664 Agriculture dt 16-11-55. During 1956-57 divisions may be necessary in standared I and II which will necessitate an additional teacher. This will be taken up after seeing the actual strength in June 1956.

Navinda School:-

There are 9 classes in this Higher Elementary school in standard I to VIII with 2 divisions in standared II. The sanctioned staff is 3 ~~xxxxxxx~~secondary plus 7 Higher Elementary grade. Of these one Higher Elementary grade is acting as a prevocational instructur while the remaining 9 teachers are put incharge of the 9 classes. During 1956-57 standarad I may require bifurcation. The existing staff is the minimum required.

Malpe Ele.School: This school is having 10 classes in standared I to V.each having two divisions. Out of the sanctioned staff of one secondary plus 10 Higher Elementary grade teachers 10 are incharge of the 10 classes while the remaining secondary grade post is a supernumery, One, to relieve the Headmaster from his class work to enable him to attend to his official correspondence and to supervise the work of his Asst. teachers. There is provision for such supernumery posts in schools having 10 or more sections. Since the Malpe Ele. School is having 10 sections, the supernumery post, is necessary.

Polippu Higher Ele.School. In this school there are 11 classes in standared I to VIII (Standared II,III & VI having 2 divisions each) and 13 teachers (5 secondary plus 8 Higher Elementary) The teachers are employed as follows:-

4 Secondary grade teachers incharge of Std, VI, VII & VIII

(Standared VI having 2 divisions)

1 Secondary grade to relieve the Headmaster from his class work and t enable him to attend to his official correspondence and supervision work.

7. Higher Elementary Grade teachers incharge of standareds I to V and the 8th Higher Ele. grade teacher is employed as a prevocational Instructor.

Kejmadikodi School: The 15 teachers (4 secondary plus 11 Higher Elementary grade) sanctioned for this school are being utilised for the following items of work.

5 Secondary grade teachers to be incharge of Standared VI,VII &VIII
1 Secondary grade to relieve the Headmaster from his class work to enable him to attend to his official work and supervision.
10. Higher Elementary grade teachers incharge of 10 sections in standareds I to V each having 2 divisions.
1. Higher Ele. grade teacher as a prevocational Instructor.

Sandspit School:-

Seven Higher Elementary grade teachers are employed to be incharge of 7 classes in standared I to V, standared I & III having two divisions. During 1956-57it may be necessary to bifurcate standared II & IV against the present divisions of standards I and III. Therefore in 1956-57 also there will be 7 classes for which 7 teachers may be necessary. Sanction may be accorded to the fiburcation of standareds II & IV in 1956-57 and to utilise the posts sanctioned in G.O.'s cited as items 8 and 9 above for handing the bifurcated section of standared II & IV.

Adkaithbail School: There are 6 classes and 6 teachers in this school (one secondary plus 5 Higher Elementary) They are put inchargeof standared I to V (standared I having 2 divisions) During 1956-57 there will be no need for divisions in standared I, but bifurcation of standared II is necessary. Separate proposals have been submitted to Govt in this Office letter No.6649-X3/56 at 29-3-56 in this regard.

27.3.56

Kizhur Higher Ele. & Chrvathr:- There are H,gher Ele.schools with 9 teachers (3 secondary plus 6 Higher Ele. grade) and 8 classes, of standarkd I to VIII each. Eight teachers (3 Secondary plus 5 Higher Ele) are incharge of 3 classes and the remaining one Higher Elementary grade teacher being utilised as prevocational Instructor. The staff sanctioned is therefore the minimum.

Kanhangad: This is also a Higher Ele school with 10 classes and 11 teachers. Ten teachers are put incharge of 10 classes in Standared I to VIII (Standared II and III having 2 divisions each) and the remaining one Higher Ele. grade teacher is employed as a prevocational Instructor.

Bekal Ele. School: This school is having one Secondary plus 9 Highe Ele. grade teachers with 10 classes, standareds I to V. standared I having 3 divisions II, III & IV having 2 divisions each. The staff sanctioned is the barest minimum needed for the school. It may also be necessary to trifurcate standared II and bifurcate standared V during '56-57 which will necessitate the employment of an additional teacher. This can be taken up on the re-opening of the school after seeing the actual strength.

I therefore request that Govt may be pleased to sanction the further continuance upto 31-5-1957 of the 24 secondary grade teachers (on Rs.45-90) plus 69 Higher Ele. grade teachers (Rs.30-50) listed in Annexure I to this letter. Sanction may also be accorded for bifurcating standared II & IV of the sandpit Fisheries School in 1956-57.

Encls:-AnnexureI, II.

	Total	24	69		

2. The Govt. also sanction the bifurcation of Standard II and IV of the Sandspit Fisheries School from the next Academic Year 1956-57. They also permit the closing down of the additional sections sanctioned last year for Standards I and III in the school and the utilisation of the staff sanctioned for the purpose, for handling the two new sections to be opened this year in Standards II and IV

3. The expenditure should be debited to "40. Agri.- m. fishereis - P. Fisheries Schools"
